

RFI
TECHNOLOGY SOLUTIONS

Product *Overview*

RFI is a global technology solutions company, specialising in wireless coverage and solar power.

With over 35 years heritage, RFI is a trusted brand globally, offering industry leading products and solutions backed with expertise and 'know how'.

RFI develops, distributes and manufactures great products that perform. Our products are critically assessed against stringent performance criteria for product integrity, technical capability, interoperability and reliability. They are also ideally suited to the harsh environmental conditions presented by the Australian climate.

RFI has one of the largest, most innovative and experienced wireless and solar solutions with dedicated engineers, project managers, deployment engineers, logistics, distribution and R&D staff. We are proud to be an Australian success story with manufacturing, distribution and warehousing across Australia, NZ, the USA and the UK.

System Products

Base Antennas

- Dipole Arrays
- Collinears
- Yagi Antennas
- Panel Antennas
- Microwave Antennas

Monitoring

- Antenna System Monitors
- Channel Alarm Modules
- Site Alarm Modules

Combining

- MiniSystem Combiners
- Series Combiners
- Control Station Combiners

System Components

- Attenuators
- Power Dividers
- Crossband Couplers
- Hybrid Couplers
- Circulators and Isolators

Multicoupling

- Receiver Multicouplers
- Cavity Filters
- Duplexers

Coverage Enhancement

DAS

- In-building Repeaters
- Site testing Surveys and Installation

Channelised Repeaters

- DSPBR

AM/FM

- AM Repeaters
- FM Repeaters
- Power Amplifiers

Signal Distribution

- Splitters
- Hybrid Couplers
- Directional Couplers

DAS/IBC Antennas

- Ceiling Antennas
- MIMO Antennas
- LTE Antennas
- Directional Antennas

BDA

- Broadband BDA's
- RFOF
- In-vehicle Repeaters
